

# Jainam Sathwara

## Front-End Developer

 jainam2404 |  JainamSathwara |  jainamsathwara04@gmail.com |  +91 81405 65524  
Ahmedabad, Gujarat, India

## PROFILE

Motivated Front-End Developer with expertise in HTML5, CSS3, JavaScript and React.js. Experienced building responsive, accessible, and user-focused interfaces. Strong problem-solving skills, attention to detail, and a dedication to continuous learning and teamwork.

## PROJECTS

### Restaurant (Production Demo)

[Demo Link](#)

- Built a production-ready single-page application demonstrating UI design, front-end logic, deployment and monitoring.
- Implemented modular components, responsive layout and best practices in HTML5, CSS3 and JavaScript.

### Employee Management System (EMS)

[Demo Link](#)

- Built a responsive CRUD application using React.js to manage employee records.
- Implemented client-side persistence with `localStorage` to allow basic offline support.
- Designed modular, reusable components and managed state with React hooks.

### Personal Portfolio

[Demo Link](#)

- Built a responsive personal portfolio website to showcase skills and projects with clean UI and smooth navigation.
